

# HANUTECH 4K HDMI TO AHD CONVERTER

## Description

This HDMI to AHD Converter converts HDMI signal into AHD signals. With 2 ports output, it allows you to display HDMI signal on 2 AHD displays simultaneously. This HDMI in AHD out converter converts high definition HDMI signal into AHD signals. HDMI input resolution up to 4K/60Hz. It is widely used for shopping malls, home monitoring, high-definition monitoring, elevator monitoring, traffic monitoring and so on.

## Features

1. Supports 2 ports AHD output simultaneously
2. Embedded audio and image synchronization output
3. Supports HDMI 2.0, 4k/60Hz input
4. Built-in ESD protection circuitry can effectively prevent electrostatic damage

## Technical Parameter

<b>Power Adapter</b>	USB 5V/1A
<b>HDMI Input resolutions</b>	480P,720P,1080P,4K30,4K60
<b>AHD Out resolutions</b>	720P@25Hz, 1080P@25Hz,720P@30Hz,1080P@30Hz
<b>SDI format</b>	SD-SDI/HD-SDI/3G-SDI
<b>Impedance</b>	75 Ω
<b>Dimension</b>	83x55x24(mm)
<b>Weight</b>	163g
